EBooks

Elementary School

A collection of videos and chapter books in categories which include: eBooks, Read-Alongs, Graphic Novels, Audio Books, and Videos (from National Geographic).

Books feature adjustable text sizes, full narration, and a read-along function which highlights text as it is read. These features make both TumbleBookCloud libraries a great tool for reluctant readers and ESL students. These options can be switched to manual so readers can read at their own pace.

Teachers: Take advantage of lesson plans and quizzes that accompany the books.
