

This is our library, the Huntley Area Public Library.

I walk this way to get to the Children's Library.

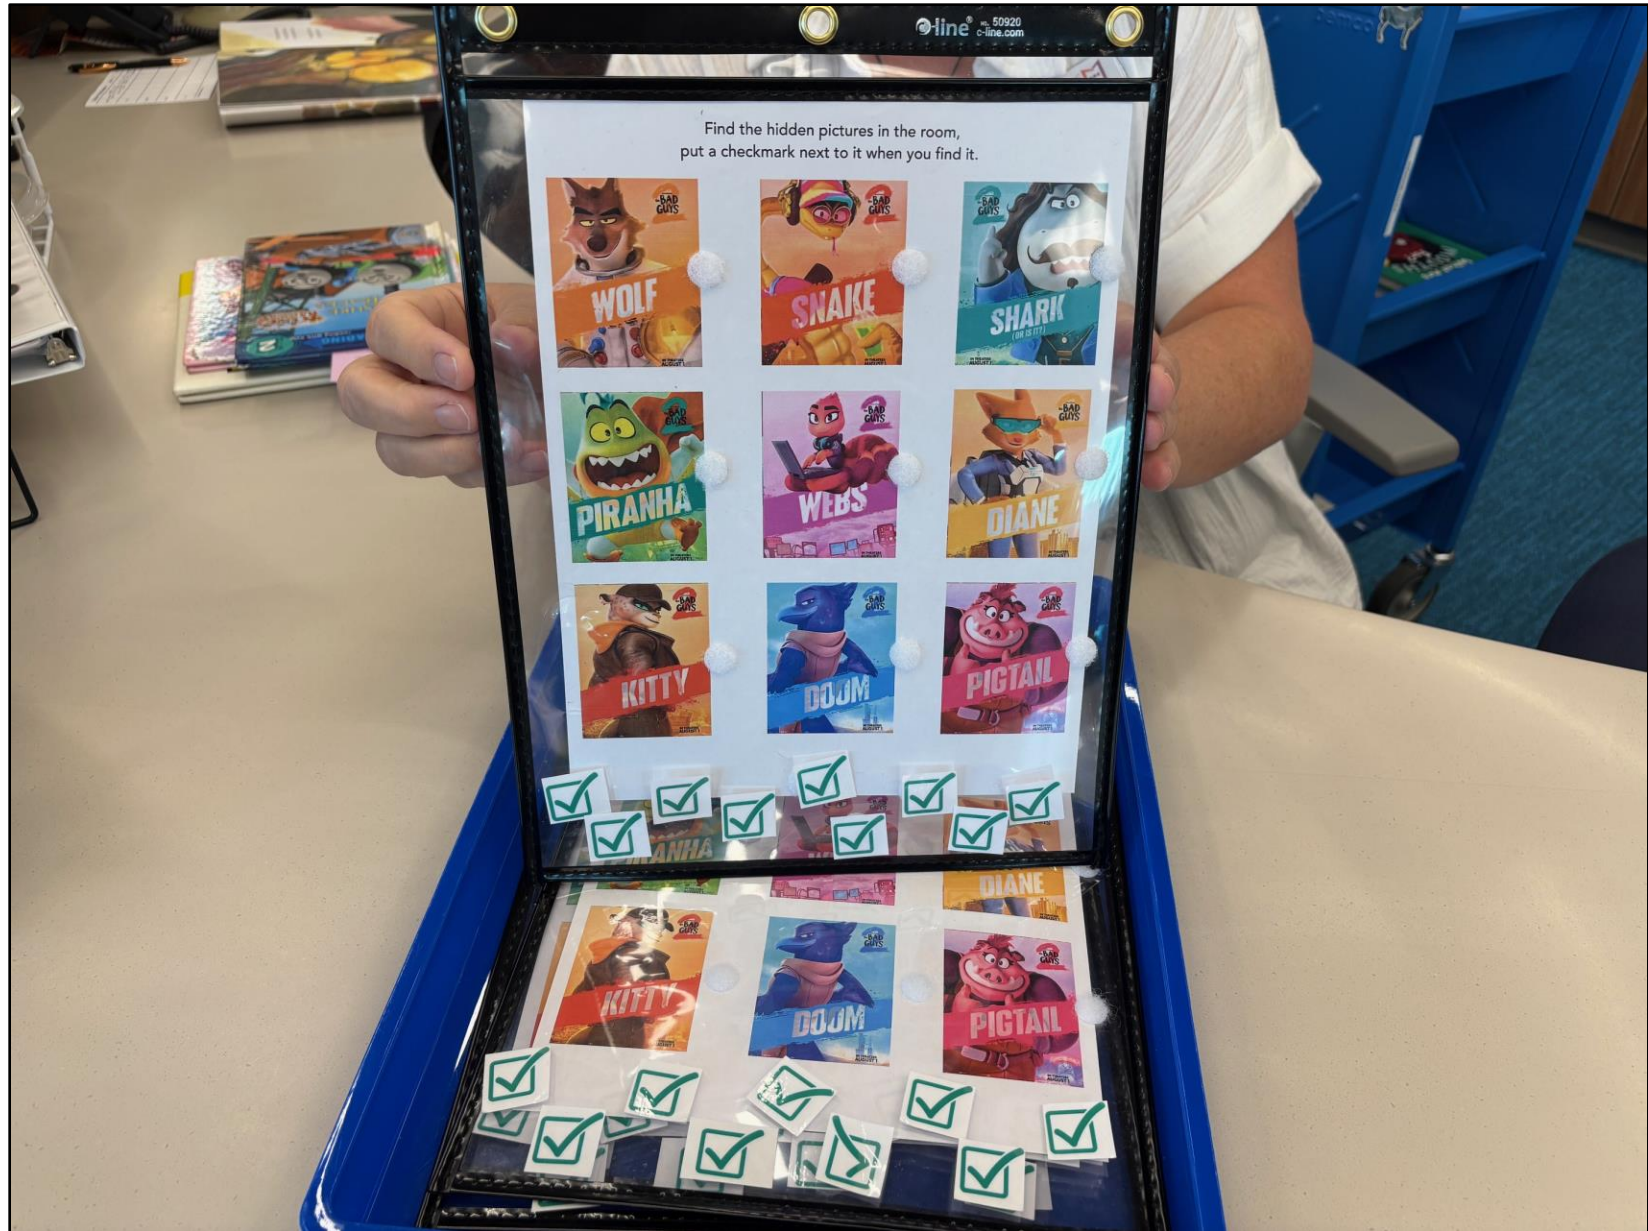

This is the youth desk. I can say hi to the librarians. I can ask for help.

At the library, I can read.

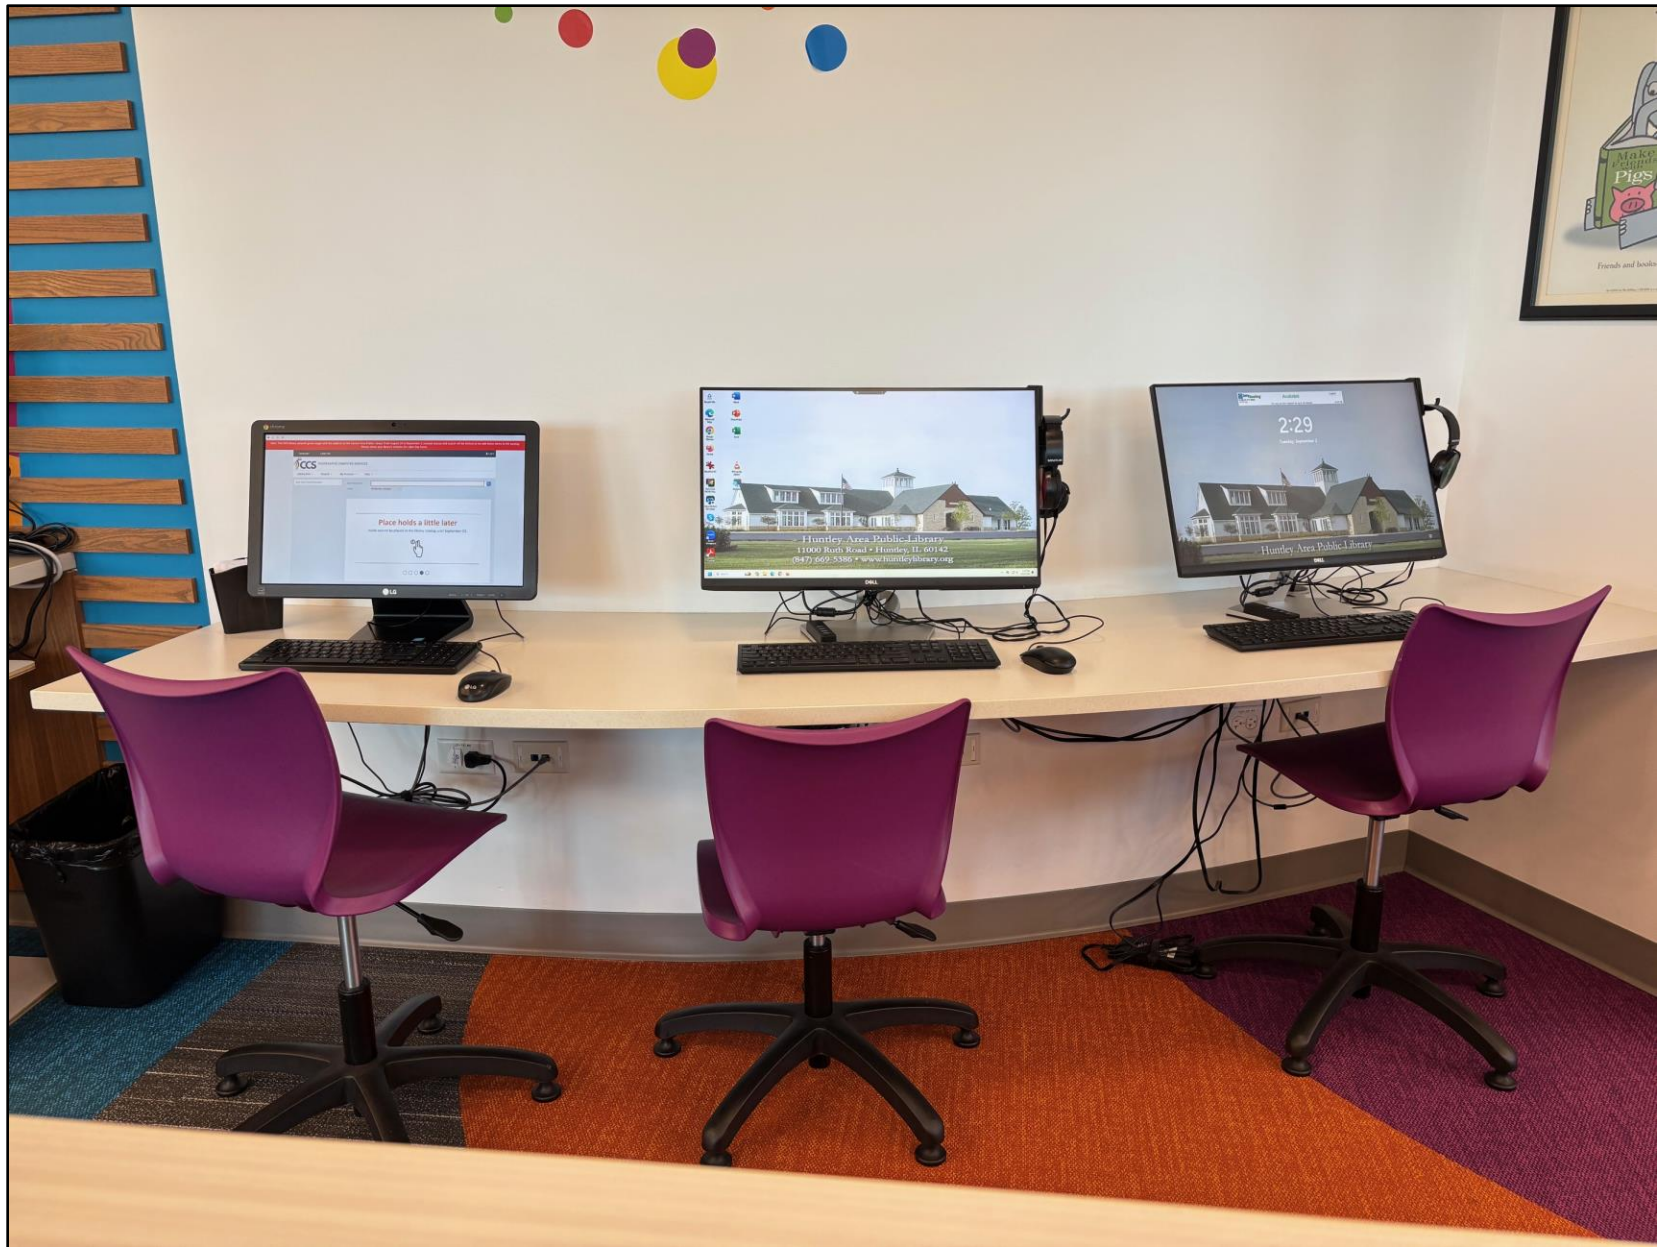

At the library, I can play. I clean up when finished.

At the library, I can do the scavenger hunt.

At the library, I can use a tablet.

At the library, I can use a computer.

At the library, I can go to storytime or other programs.

Inside the library, I follow the rules. I stay with my grown-up and use walking feet.

If I need a break, I can use these supports to help.

At the library, I can check out books and other materials.

I scan my library card. Then I scan the Huntley Library barcode inside the book. The librarian can help me.

When I am finished, I bring the books and materials back.

I slide them into the return slot by the entrance.

When it's time to leave, I say good-bye. I can visit again soon!
