

# QUEST KEY

## GENRES:

### 1) SCIENCE FICTION SUN

Science fiction tells stories based on evolving science and technology and have elements of space exploration, alien life, human evolution, and time travel.

### 2) MYTHOLOGY MARS

The Mythology genre is based on or around different myths from around the world. Books may include retelling or the children of mythical beings.

### 3) GRAPHIC NOVEL GALAXY

"A picture says 1000 words!" Graphic novels tell stories through the medium of pictures and words. This includes comic books and manga!

### 4) SHORT STORY SATELLITE

These books usually contain several contained stories that center around a single event and focus on a few characters.

### 5) ACTION ADVENTURE ASTEROID

Action has lots of exciting action sequences like chases and fight scenes. Adventure usually has a character that goes on an epic journey and has to face challenges to reach their destination. Many books have both action and adventure qualities which is why they are paired here.

### 6) BIOGRAPHY PLANET

Biographies are books about notable people like artists, musicians, scientists, and politicians.

### 7) "INTERNATIONAL" SPACE STATION

There are so many books that get published around the world! Read a book by an author that lives outside the US or read a book that has a character from another country.

### 8) MOONS OF MYSTERY

These are stories that involve solving a crime or discovering a secret. If you pay close attention to clues throughout the story, you can try to solve the mystery yourself.

Looking for your next out of this world read? Ask for a book list at the youth desk! They have suggestions for every genre including the ones here!

# BOOK LOG

Keep track of your books here. Write the title of the book you read and check in with the youth desk for every genre completed!
